Navigate - Plan 7R1

## What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health services, when possible.

## What are the benefits of the UnitedHealthcare Navigate® Plan?

### Get a plan with a Primary Care Provider (PCP) to help coordinate your care.

This is a health plan that requires you to select a PCP who can help guide you through the health care system so you can get the right care at the right time.

> **Select your personal PCP from the plan network.** Each enrolled person must select a PCP. Your PCP must be in an area where you (the subscriber) lives. Your PCP will be your first point of contact when you need care.

> **You need to get online referrals from your PCP to see a network specialist.**

> **There's no coverage if you go out of network or if you see a network specialist without a referral.** You will be responsible for the entire cost of the service.

> **Preventive care is covered 100% in our network.**

**Not enrolled yet?** Learn more about this plan and search for network doctors or hospitals at **welcometouhc.com/navigate** or call **1-866-873-3903**, TTY 711, 8 a.m. to 8 p.m. local time, Monday through Friday.

**Are you a member?**

Easily manage your benefits online at **myuhc.com®** and on the go with the **UnitedHealthcare Health4Me™** mobile app.

## Benefits At-A-Glance

### What you may pay for network care

This chart is a simple summary of the costs you may have to pay when you receive care in the network. It doesn't include all of the deductibles and co-payments you may have to pay. You can find more benefit details beginning on page 2.

| Co-payment (Your cost for an office visit) | Individual Deductible (Your cost before the plan starts to pay) | Co-insurance (Your cost share after the deductible) |
|---|---|---|
| $20 | You have no individual deductible. | You have no co-insurance. |

This Benefit Summary is to highlight your Benefits. Don't use this document to understand your exact coverage for certain conditions. If this Benefit Summary conflicts with the Certificate of Coverage (COC), Riders, and/or Amendments, those documents are correct. Review your COC for an exact description of the services and supplies that are and are not covered, those which are excluded or limited, and other terms and conditions of coverage.

## Your Costs

In addition to your premium (monthly) payments paid by you or your employer, you are responsible for paying these costs.

| | Your cost if you use Network Benefits |
|---|---|
| **Deductible** | |

**What is a deductible?**

The deductible is the amount you have to pay for covered health care services (common medical event) before your health plan begins to pay. The deductible may not apply to all services. You may have more than one type of deductible.

| | |
|---|---|
| Medical Deductible - Individual | You do not have to pay a medical deductible. |
| Medical Deductible - Family | You do not have to pay a medical deductible. |
| Dental - Pediatric Services Deductible - Individual | You do not have to pay a dental deductible. |
| Dental - Pediatric Services Deductible - Family | You do not have to pay a dental deductible. |

### Out-of-Pocket Limit

**What is an out-of-pocket limit?**

The most you pay during a policy year before your health plan begins to pay 100%. Once you reach the out-of-pocket limit, your health plan will pay for all covered services. This will not include any amounts over the amount we allow when you see an out-of-network provider.

> All individual out-of-pocket limit amounts will count towards meeting the family out-of-pocket limit, but an individual will not have to pay more than the individual out-of-pocket limit amount.

> Your co-pays and co-insurance (including pharmacy) count towards meeting the out-of-pocket limit.

| | |
|---|---|
| Out-of-Pocket Limit - Individual | $1,500 per year |
| Out-of-Pocket Limit - Family | $4,500 per year |

## Your Costs

**What is co-insurance?**

Co-insurance is your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

**What is a co-payment?**

A co-payment (co-pay) is a fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. You will pay a co-pay or the allowed amount, whichever is less. The amount can vary by the type of covered health care service. Please see the specific common medical event to see if a co-pay applies and how much you have to pay.

**What is Prior Authorization?**

Prior Authorization is getting approval before you can get access to medicine or services. Services that require prior authorization are noted in the list of Common Medical Events. To get approval, call the member phone number on your health plan ID card.
