

## What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health services, when possible.

## What are the benefits of the Core Plan?

### Find network care nearby.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You have quality network care nearby. If you travel, you'll get access to a national network to help lower your costs.

- > **There's coverage if you need to go out of the network.** Out-of-network means that a provider does not have a contract with us. Choose what's best for you. Just remember out-of-network providers will likely charge you more.
- > **There's no need to choose a primary care provider (PCP) or get referrals to see a specialist.** Consider a PCP; they can be helpful in managing your care.
- > **Preventive care is covered 100% in our network.**

## Benefits At-A-Glance

### What you may pay for network care

<b>Co-payment</b> (Your cost for an office visit)	<b>Individual Deductible</b> (Your cost before the plan starts to pay)	<b>Co-insurance</b> (Your cost share after the deductible)

If this Benefit Summary conflicts with the Certificate of Coverage (COC), Riders, and/or Amendments, those documents are correct. Review your COC for an exact description of the services and supplies that are and are not covered, those which are excluded or limited, and other terms and conditions of coverage.

### **What is co-insurance?**

Co-insurance is your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

### **What is a co-payment?**

A co-payment (co-pay) is a fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service. You will pay a co-pay or the allowed amount, whichever is less. The amount can vary by the type of covered health care service. Please see the specific common medical event to see if a co-pay applies and how much you have to pay.

### **What is Prior Authorization?**

Prior Authorization is getting approval before you can get access to medicine or services. Services that require prior authorization are noted in the list of Common Medical Events. To get approval, call the member phone number on your health plan ID card.
