

## What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health care services, when possible.

## What are the benefits of the Core Plan?

### Find network care nearby.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You have quality network care nearby. If you travel, you'll get access to a national network to help lower your costs.

- > **There's coverage if you need to go out of the network.** Out-of-network means that a provider does not have a contract with us. Choose what's best for you. Just remember out-of-network providers will likely charge you more.
- > **There's no need to choose a primary care provider (PCP) or get referrals to see a specialist.** Consider a PCP; they can be helpful in managing your care.
- > **Preventive care is covered 100% in our network.**

### Are you a member?

## Benefits At-A-Glance

### What you may pay for network care

This chart is a simple summary of the costs you may have to pay when you receive care in the network. It doesn't include all of the deductibles and co-payments you may have to pay. You can find more benefit details beginning on page 2.

Co-payment	Individual Deductible	Co-insurance
(Your cost for an office visit)	(Your cost before the plan starts to pay)	(Your cost share after the deductible)
You have no co-payment.	\$2,000	20%

This Benefit Summary is to highlight your Benefits. Don't use this document to understand your exact coverage for certain conditions. If this Benefit Summary conflicts with the Certificate of Coverage (COC), Schedule of Benefits, Riders, and/or Amendments, those documents are correct. Review your COC for an exact description of the services and supplies that are and are not covered, those which are excluded or limited, and other terms and conditions of coverage.

## Your Costs

In addition to your premium (monthly) payments paid by you or your employer, you are responsible for paying these costs.

#### Annual Deductible

##### What is an annual deductible?

The annual deductible is the amount you pay for Covered Health Care Services per year before you are eligible to receive Benefits. It does not include any amount that exceeds Allowed Amounts. The deductible may not apply to all Covered Health Care Services. You may have more than one type of deductible.

- > All individual deductible amounts will count towards meeting the family deductible, but an individual will not have to pay more than the individual deductible amount.
- > This benefit plan includes a per occurrence deductible that applies to certain covered health care services. This per occurrence deductible must be met prior to and in addition to the medical deductible.

Medical Deductible - Individual	\$2,000 per year	\$5,000 per year
Medical Deductible - Family	\$4,000 per year	\$10,000 per year

#### Out-of-Pocket Limit

##### What is an out-of-pocket limit?

The Out-of-Pocket Limit is the maximum you pay per year. Once you reach the Out-of-Pocket Limit, Benefits are payable at 100% of Allowed Amounts during the rest of that year.

- > Your co-pays, co-insurance, deductibles and per occurrence deductibles (including pharmacy) count towards meeting the out-of-pocket limit.
- > All individual out-of-pocket limit amounts will count towards meeting the family out-of-pocket limit, but an individual will not have to pay more than the individual out-of-pocket limit amount.

Out-of-Pocket Limit - Individual	\$6,850 per year	\$10,000 per year
Out-of-Pocket Limit - Family	\$13,700 per year	\$20,000 per year

### **What is co-insurance?**

Co-insurance is the amount you pay each time you receive certain Covered Health Care Services calculated as a percentage of the Allowed Amount (for example, 20%). You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

### **What is a co-payment?**

A Co-payment is the amount you pay each time you receive certain Covered Health Care Services calculated as a set dollar amount (for example, \$50). You are responsible for paying the lesser of the applicable Co-payment or the Allowed Amount. Please see the specific Covered Health Care Service to see if a co-payment applies and how much you have to pay.

### **What is Prior Authorization?**

Prior Authorization is getting approval before you receive certain Covered Health Care Services. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However there are some Benefits that you are responsible for obtaining authorization before you receive the services. Please see the specific Covered Health Care Service to find services that require you to obtain prior authorization.
